INTERVIEW QUESTIONS FOR MILLENNIALS

1) Tell me about a time when you received constructive feedback. What did you learn about yourself? How did you apply those learnings to improve yourself and/or your work products?

2) Tell me about a time you were assigned an assignment or project and didn’t understand what was expected of you. How did you handle it?

3) Tell me about a long-term project you have completed (thesis, term project, etc.). What were the steps you completed? How did you organize your time and meet deadlines?

4) Tell me about a time when you failed at something. What happened? How did you recover? What did you learn from the experience?

5) What do you see as the main responsibilities of a manager? What have you most appreciated about previous managers you have worked with?
